PRODUCT INFO

INTERACTIVE DISPLAY SYSTEMS PRODUCT SELECTION

CLOUD SCREEN™

Our cloud software, an IDS exclusive, provides the ability to display multiple types of content simultaneously. More powerful than conventional digital signage, CLOUD SCREEN™ displays your content through web browsers. Delivering you on-demand configuration which means storing and accessing your data can be done in most any location!

Interactive Glass & Mirrors

We transform windows, doors or any glass surface to touch screen solutions! You really can deploy your content anywhere at any time. Flexible screen layouts furnish the ability to display multiple types of content simultaneously. User-friendly and PPE-friendly with easy to clean surfaces add even more powerful solutions to streamline your workflow or get your message to your customers!

THE SHOW CASE™

Our all-in-one portable monitor solution, an IDS exclusive, provides a lightweight, durable display that can be up and running in less than 2 minutes. From vendor tradeshow to speaking engagement THE SHOW CASE™ allows for customizable cases to set you and your brand apart from the competition.

Media Conversion

Keep those timeless memories alive by converting them into a life-long digital format. Proudly offering solutions for videotape, audio, film, DVD, still image and even scrapbooking conversions IDS is bound to have an option for you!

Digital Kiosks & Displays

Achieve uniform messaging enterprise-wide with this cloud-based solution. Kiosks and displays grant you the opportunity to simplify your messaging or presentation processes and are more user-friendly than standard software or thumb drive solutions. Offering a range of benefits to several industries we are sure to have a solution for you.

Live Streaming & AV Rentals

We provide comprehensive live streaming and online video, in addition to providing the sound, projection, and TV equipment needed to ensure that your onsite audience has a positive & memorable experience. Our virtual event software will allow you to extend your audience beyond the venue walls, to inform, entertain and to capture your special moment or event.
